& Palliative Care  
Association

## Outcomes:

At the end of this seminar learners will be able to:

- Identify VA Claims/Compensation/Benefits/Dependency and Indemnity Compensation (DIC)/Burial Grant/Widow’s Pension
- Identify suicide screening & assessment tools, research on these screening & assessment tools and identify aspects of effective safety planning.
- Differentiate between qualitative and biomedical futility, know the ethical role of health care professional with regard to end of life decision making, apply a sensemaking framework to optimize resolution of ethical conflicts seen in practice and demonstrates ability to guide goals of care conversation focused on matching treatment offered with medical effectiveness.
